FOR ATTENTION: GODFREY

Dear Godfrey

Thank you for the opportunity to present a proposal for your Office needs.

Being a subsidiary of Nashua Ltd which is in turn owned by the listed Reunert Group, Nashua Central is ideally placed to provide your organisation with the product mix to suit your needs.

Nashua Central is a financially stable business established in 1991 and has grown over the last 25 years into the largest supplier of office solutions in Gauteng. Our growth and excellent customer service has been rewarded with numerous accolades, including Nashua Franchise of the Year on 5 occasions. With a staff compliment of over 200, we believe that our people are our most important asset, as such we provide an engaging model where training, motivation and above average customer service is prioritised. Our commitment is further highlighted by our level 3 B-BBEEE rating and ISO 9001:2015 accreditation. Through Nashua Finance, HP Gold Partner, Panasonic PBX, ECN VOIP and being the largest distributor of Ricoh in the world, Nashua is able to provide the best products with full manufacturer support.

Coupled with our national service network, distribution and on site servicing ability, we are able to offer efficient turnkey solutions for all business types big or small.

As a customer you can be assured that we do not use third parties for any of our services or cede our responsibilities in any way.

We hope our proposal meets your high standards and trust that we may become a trusted partner.

Our Business Intelligence

At Nashua, we do more than printers & Multifunctional Devices.

From next generation Wireless, Fibre, Surveillance and Access Control, to world-class Voice and Telephony, Managed Document Solutions, Interactive Whiteboards and PC's and Services – you can rest assured we have everything your business needs to soar.

ProAct

As part of our ongoing commitment to supporting our customers and helping them thrive, Nashua offers ProAct as a free, value-added service.

Nashua ProAct is an innovative real-time fleet management solution that helps us increase our office efficiency and productivity for all of our document output devices, through constant monitoring of your printers or multifunction printers (MFPs). Nashua ProAct then reports critical status and condition information to our technical data centres.

The system is easy to install and allows support staff to monitor, manage and diagnose Nashua devices remotely, saving your business time and reducing your operational costs. Nashua ProAct also collects data on an ongoing basis and can deliver statistics and analysis reports that assist us in ensuring your print infrastructure is maintained and adapted to your evolving business needs.

Features:

- Free value-add
- Eliminates manual collection and reporting and increases billing accuracy
- Proactive management of consumable levels on all devices on the network
- Automated 'toner low' or 'empty' notifications
- Features a security system and advanced encryption for increased security
- Monitors error codes and keeps track of paper jams and errors on devices

Connectivity

From SMEs to corporations, from schools to restaurants, from hospitals to factories – we have wireless and fibre solutions to supercharge your performance.

Executive Summary

Nashua's story is one that spans exactly four decades and incorporates everyone from Orson Welles to boxer Brian Mitchell, and everything from analogue copiers to cutting-edge multi-function and production printers.

NASHUA FACT | Unlike our competitors, Nashua is a wholly owned South African company as opposed to being an international manufacturer with local offices.

NASHUA FACT | Nashua is able to provide customers with state-of-the-art technology from globally recognised and trusted sources.

NASHUA FACT | Nashua developed a "Mobile Automated Service Call Management System" (MASC), which allows engineers to receive and complete their service calls using a GPRS driven PDA system.

NASHUA FACT | Nashua successfully reduced Avis' printing volume by 55% with 65 000 fewer documents printed each month by implementing Managed Document Services.

NASHUA FACT | Most of the current members of the Nashua management team started in junior positions until ultimately becoming the directors of the company.

NASHUA FACT | Thanks largely to the work the NCCF (Nashua Children's Charity Foundation) does; Nashua has an Empowerdex rating of 95%.

NASHUA FACT | As leader of office automation and supplier of printing devices, Nashua continually strives to reduce the impact that its activities, products and services have on the environment.

- Sending zero waste toner to landfills
- Completely eliminating the use of environmentally sensitive substances in its products
- Developing practical application technologies for alternative paper and rewritable paper
- Restricting the increase of greenhouse gas (other than CO₂) emissions to a maximum of 1%
- Reducing the emissions of ozone-depleting substances by 60%
- Reducing generated waste by at least 13%
- Improving its waste recycling rate to 90%
- Completely eliminating designated environmentally sensitive substances used in suppliers' manufacturing processes
- Reduction of usage of natural resources

Additional Information

The abovementioned quotation is herewith accepted upon the terms as conditions as set out above as well as in the “Notes” sections in this proposal.

Order Requirements

In order to process your order, Nashua Central will require the following documentation:

Rental orders:

1. Signed Quotation Acceptance
2. Fully completed Credit Application
3. Copies of Company Registration Documents (New Customers only)
4. Cancelled Letterhead
5. Cancelled Cheque (proof of bank account)
6. Copies last 3 months bank statements and/or Audited Financial Statements
7. Copies of ID (Sole Traders & CC)

Surveillance & Access Control

In today's world, protection of your business has become more important than ever. Nashua provides surveillance monitoring and access control solution to keep your business safe 24/7 365.

Cash Purchase Orders:

1. Signed Quotation Acceptance
2. Fully completed Credit Application (to open account for consumable purchases)
3. Proof of payment

Notes to the Comprehensive Service Agreement

1. Where toners are included, copy charges are based on an approximate 6% print coverage per A4 page. In the event that less than 80% of the expected yield is achieved, Nashua reserves the Right to charge the customer for the over-utilised consumables or copy charges can be re-negotiated.
2. Damage to Network Cards, Fax Cards, Printer Controllers, Hard Disk Drives, Interface Kits and Memory Boards caused by lightning or power surges is not covered under the full Service and Maintenance Agreement and should be covered under your insurance agreement.
3. The software / network installations are done on current network topology. Should network topology / software applications change in the future; it will be the responsibility of the client to inform Nashua Central of any changes.
4. Nashua Central waives responsibility of non-functionality of equipment on future changes to the clients' network topology and software applications. However, software support will be available at current market rates.
5. The Full Service and Maintenance Agreement does not cover alterations and/or modifications made by unauthorised personnel, or non-authorized supplies, nor does it cover malfunctions due to adverse power conditions, accidents, misuse, negligence, or any other act of God.

Print & Print Solutions

From office printers, mass printing, customisation and everything in between, you can always rely on Nashua for scalable printing solutions that are right for your needs.

Notes

1. All pricing is exclusive of V.A.T.
2. This quote is valid for a period of seven (7) days.
3. This proposal is linked to the current Rand/Euro exchange rate and is subject to exchange rate fluctuations.
4. Should you intend financing the acquisition of this equipment then this proposal is subject to the approval by the Finance Institution.
5. The rental structure quoted may vary based on finance approval received.
6. Terms and conditions apply to the rental and maintenance agreements.
7. Any third party logos used in this proposal are for the purposes of quoting only.
8. Errors and omissions excluded.
9. This proposal is subject to compliance with the terms and conditions of the Consumer Protection Act 2008, as amended.
10. All Rentals Contracts approved by Nashua Finance will need to be insured at the rate of insurance as indicated. This cost of insurance will be for the customer.
11. The customers also have the option to use their own insurance. Nashua will however require proof of such insurance.
12. This proposal is only valid if signed by an authorised Nashua Central representative.
13. Refurbished devices may vary from the actual devices proposed within this proposal. The device will be similar to the device proposed but models may vary slightly depending on stock availability.
14. Wireless connectivity solutions are subject to final Line Of Sight survey.
15. All models starting with R refer to refurb machines.
16. Unless specifically agreed and recorded in writing, this quotation does not provide for the settlement of any existing or other equipment on rental.

Benefits of Rental

Rental	Cash
No upfront capital outlay	Capital outlay upfront reduces working capital
VAT payable monthly	VAT payable upfront
Interest calculated on cash before VA	Interest lost over period as cash paid upfront, that could have enjoyed an interest of it's own
100% tax deductible	Deductible by depreciation via balance sheet annually
Appears under Operating expenses in the Income Statemen	Appears in the financials as an asset
No Capex approval required	Capex approval required for purchases of equipment
Not governed by budgets	Governed by the Company budgets
No deposit required	Capital outlay upfront
